Data Analyst

at Datavant

Remote, United States

Datavant is a data logistics company for healthcare whose products and solutions enable organizations to move and connect data securely. We are a data logistics company for healthcare whose products and solutions enable organizations to move and connect data securely. Datavant has a network of networks consisting of thousands of organizations, more than 70,000 hospitals and clinics, 70% of the 100 largest health systems, and an ecosystem of 500+ real-world data partners.

By joining Datavant today, you're stepping onto a highly collaborative, remote-first team that is passionate about creating transformative change in healthcare. We hire for three traits: we want people who are smart, nice, and get things done. We invest in our people and believe in hiring for high-potential and humble individuals who can rapidly grow their responsibilities as the company scales. Datavant is a distributed, remote-first team, and we empower Datavangers to shape their working environment in a way that suits their needs.

The Provider team is actively looking for a detail-oriented and passionate data scientist to become a valuable part of our expanding Digital Operations team. Our focus involves maintaining, improving, and supporting our digital products so we can maximize the amount of digital release of information requests we can fulfill. If you are a data analyst with experience working with technical and non-technical stakeholders to maximize a product's efficiency, please consider applying for this role!

You will:

- Employ statistical techniques to scrutinize data and produce actionable insights to help increase the number of requests we can digitally fulfill.
- Create automation for daily and repetitive analytical tasks.
- Work closely with cross-functional teams, to understand business needs, and determine the right methodology for analysis and assumptions to provide data-driven insights into program performance and partnerships.
- Develop data dashboards, charts, and visual aids to support decision-making of the digital operations team.
- Stay abreast of industry trends, new technologies, and methodologies to enhance the team's analytical capabilities.
- Partner with the Data Foundations and Data Management teams to assist in the creation of consistent and reproducible data insights for all teams at Datavant.

What You Will Bring to the Table:

- Proficient in using statistical analysis tools and programming languages (e.g., SQL, Python) for data analysis and modeling.
- Strong problem-solving skills with the ability to think critically and provide data-driven solutions.
- Expertise in the data cleaning, preprocessing, manipulation, integration, processing and interrogation of large datasets.
- Strong understanding of statistical probability distributions, bias, error, and power as well as sampling and resampling methods.
- Exceptional initiative and ability to solve problems independently, seek help when needed, and take ownership when navigating ambiguity.
- Excellent communication skills with the ability to distill technical information to non-technical partners.

- Well-developed time management skills and demonstrable experience of prioritizing work to meet tight deadlines for client deliverables.
- Relevant university degree or equivalent training

Bonus points if:

- An appreciation of the need for effective data privacy and security methods and an awareness of the relevant legislation.
- Experience with cloud services for storage and computing.
- Experience with machine learning algorithms.
- Knowledgeable in healthcare release of information.

We are committed to building a diverse team of Datavanters who are all responsible for stewarding a high-performance culture in which all Datavanters belong and thrive. We are proud to be an Equal Employment Opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, sex, sexual orientation, gender identity, religion, national origin, disability, veteran status, or other legally protected status.

Our compensation philosophy is to be externally competitive, internally fair, and not win or lose on compensation. Salary ranges for this position are developed with the support of benchmarks and industry best practices.

We're building a high-growth, high-autonomy culture. We rely less on job titles and more on cultivating an environment where anyone can contribute, the best ideas win, and personal growth is driven by expanding impact. The range posted is for a given job title, which can include multiple levels. Individual rates for the same job title may differ based on their level, responsibilities, skills, and experience for a specific job. The estimated salary range for this role is \$110,000- \$140,000.

At the end of this application, you will find a set of voluntary demographic questions. If you choose to respond, your responses will be anonymous and used to help us identify areas of improvement in our recruitment process. (We can only see aggregate responses, not individual responses. In fact, we aren't even able to see if you've responded or not.) Responding is your choice and it will not be used in any way in our hiring process.

This job is not eligible for employment sponsorship.

How did you hear about this job? *

Have you ever worked for Datavant or one of our affiliates? (Ciox Health, ArroHealth, IOD, ECS, Healthport, Medal, MedSave, Chart One, Discovery Health, Documentation Solutions, Smart Corp, Care Communications) *

If yes, who?

Will you now or in the future require sponsorship for an immigration case in order to employ you (for example, H-1B or other employment-based immigration case)? *

Are you authorized to work lawfully in the United States? *

Do you have at least 2 years of experience in data analysis? *

Why are you interested in working at Datavant? *

Voluntary Self-Identification

For government reporting purposes, we ask candidates to respond to the below self-identification survey. Completion of the form is entirely voluntary. Whatever your decision, it will not be considered in the hiring process or thereafter. Any information that you do provide will be recorded and maintained in a confidential file.

As set forth in Datavant's Equal Employment Opportunity policy, we do not discriminate on the basis of any protected group status under any applicable law.

Gender

Are you Hispanic/Latino?

Please select

Race & Ethnicity Definitions

If you believe you belong to any of the categories of protected veterans listed below, please indicate by making the appropriate selection. As a government contractor subject to the Vietnam Era Veterans Readjustment Assistance Act (VEVRAA), we request this information in order to measure the effectiveness of the outreach and positive recruitment efforts we undertake pursuant to VEVRAA. Classification of protected categories is as follows:

A "disabled veteran" is one of the following: a veteran of the U.S. military, ground, naval or air service who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or a person who was discharged or released from active duty because of a service-connected disability.

A "recently separated veteran" means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. military, ground, naval, or air service.

An "active duty wartime or campaign badge veteran" means a veteran who served on active duty in the U.S. military, ground, naval or air service during a war, or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.

An "Armed forces service medal veteran" means a veteran who, while serving on active duty in the U.S. military, ground, naval or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985.

Veteran Status

Voluntary Self-Identification of Disability

Form CC-305
Page 1 of 1

OMB Control Number 1250-0005
Expires 04/30/2026

Why are you being asked to complete this form?

We are a federal contractor or subcontractor. The law requires us to provide equal employment opportunity to qualified people with disabilities. We have a goal of having at least 7% of our workers as people with disabilities. The law says we must measure our progress towards this goal. To do this, we must ask applicants and employees if they have a disability or have ever had one. People can become disabled, so we need to ask this question at least every five years.

Completing this form is voluntary, and we hope that you will choose to do so. Your answer is confidential. No one who makes hiring decisions will see it. Your decision to complete the form and your answer will not harm you in any way. If you want to learn more about the law or this form, visit the U.S. Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) website at www.dol.gov/ofccp.

How do you know if you have a disability?

A disability is a condition that substantially limits one or more of your "major life activities." If you have or have ever had such a condition, you are a person with a disability. **Disabilities include, but are not limited to:**

- Alcohol or other substance use disorder (not currently using drugs illegally)
- Autoimmune disorder, for example, lupus, fibromyalgia, rheumatoid arthritis, HIV/AIDS

- Blind or low vision
- Cancer (past or present)
- Cardiovascular or heart disease
- Celiac disease
- Cerebral palsy
- Deaf or serious difficulty hearing
- Diabetes
- Disfigurement, for example, disfigurement caused by burns, wounds, accidents, or congenital disorders
- Epilepsy or other seizure disorder
- Gastrointestinal disorders, for example, Crohn's Disease, irritable bowel syndrome
- Intellectual or developmental disability
- Mental health conditions, for example, depression, bipolar disorder, anxiety disorder, schizophrenia, PTSD
- Missing limbs or partially missing limbs
- Mobility impairment, benefiting from the use of a wheelchair, scooter, walker, leg brace(s) and/or other supports
- Nervous system condition, for example, migraine headaches, Parkinson's disease, multiple sclerosis (MS)
- Neurodivergence, for example, attention-deficit/hyperactivity disorder (ADHD), autism spectrum disorder, dyslexia, dyspraxia, other learning disabilities
- Partial or complete paralysis (any cause)
- Pulmonary or respiratory conditions, for example, tuberculosis, asthma, emphysema
- Short stature (dwarfism)
- Traumatic brain injury

Disability Status

Please select

PUBLIC BURDEN STATEMENT: According to the Paperwork Reduction Act of 1995 no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. This survey should take about 5 minutes to complete.
