Contract

## Company Description

We help Procurement and Recruiting departments faced with the challenge of filling multiple IT-related openings for either long-term employment, or short-term projects. They need to find reliable candidates, with the right expertise, quickly and at the right cost to enable their company to remain competitive, and to increase profit and efficiency.

**Stefanini** provides the IT contract resources you need to implement crucial projects, handle short-term assignments, or fulfill long-term placements. Our IT staffing services free you from the challenges of finding, recruiting, training and retaining high-quality professional staff, and allow you to focus on managing your business growth.

We provide the ongoing skill development to ensure that professionals placed at your site are trained in leading technologies to support your information technology hardware, software, and network infrastructure. Augment your staff for short or long-term engagements, or for specialized expertise on specific projects.

We have more than 25 years of staffing industry knowledge and can provide you with superior candidates to match your technical and professional needs.

## Job Description

The person will be responsible for PO creation, performance of negotiations with help of team members, handling RFP process from bid to notifying vendors to awarding and all dealings in environmental services area.
